Allowable Subject Matter

Claim 2 allowed.

The following is an examiner's statement of reasons for allowance: None of the prior arts discloses an exhaust aftertreatment filter for internal combustion engine having an open flow section as a central inner section and a filtering section as an outer annular section around the inner section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 3-5 allowed.

The following is an examiner's statement of reasons for allowance: None of the prior arts discloses an exhaust aftertreatment filter for internal combustion engine having the defined lateral spacing of the beads from one of the starting and terminating sides to provide unsealed flow channels providing the open flow section of the filter roll when wound.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 7-16 allowed.

Art Unit: 1724

The following is an examiner's statement of reasons for allowance: None of the prior arts discloses an exhaust aftertreatment filter for internal combustion engine wherein the wall segments of the inner section define a third set of flow channels open at both the first and second axial ends.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
